

7/09/2020

Dear JOEL EMOND,

We at Bendigo Garages -your local distributor  understand your needs for a practical shed that will do the job and won't break the bank, and that's why we're all about providing *Real Sheds and Real Value*®

### Registered building practitioner

As registered builders & licenced installers we can manage the whole project for you from start to finish. Most garage companies don't offer this service. (Don't become an owner builder unless you know your full responsibilities, see website <http://www.vba.vic.gov.au/consumers/owner-builders>)

### Designed just for you

We're specialists in the design, engineering, supply and construction of quality Australian steel sheds, barns, garages, carports, workshops and industrial buildings. Our buildings can be fully customised to suit your needs and budget using our advanced engineering and design software.

### We Are ShedSafe® accredited

And being one of the only a handful of Shedsafe® accredited companies means the hard work of checking engineering compliance has been done by an independent body. ShedSafe® accreditation is the industry benchmark for steel sheds managed by Australian Steel Institute-**Accreditation cannot be purchased-it has to be earned.**

**Please do not hesitate to return our email or call us should you have any further queries or any changes to be made.**

*Bendigo Garages is also your local distributor for:*

*Solutions for Outdoor Living*

*Call today and arrange your free  
measure & quote on your new Patio ,Pergola or Carport.*

**Kind Regards**

**Peter & Christine Nugent**
