

Shed Specification

Overall dimensions – 4.5m wide, 8.0m long and side wall height of 2.4m.

Gable Roof – 30o Pitch or as close to as available. Corrodek or corrugated profile in ColorBond Manor Red. Box guttering in Manor red also.

Eave overhang 400mm at sides, 300mm front and back. Am open to standard options or discussion.

Walls in Trimdek or similar profile in ColorBond Monument. Wall trim in Monument also.

Openings – Access door, roller door and window as shown below. All in ColorBond Monument. Roller door can be standard size. I would like to know what options there are for roller door sizing and the prices for each.

I am also interested in options for roof insulation, depending on price I may exclude this.
