

I'm looking for some advice, price and lead time for a metal farm shed supplied and delivered, Kennedys Road, Yaouk, NSW 2629.

Farm shed will be built in the middle of an open paddock. Part of the shed will have an open side and the other part is enclosed to store machinery.

Sizes are approx/around we can be flexible to what works best

- 10.0m wide x 15.0m length x 4.2m wall height.
- Rough sketch attached.
- Design and engineering fit for purpose to meet relevant building codes.
- Provide relevant information to help with plans, approvals, installation, etc.
- Colorbond
- Guttering/downpipe to ground
- 1x Roller door
- 1x PA door
- Insulation/wire to roof
